LIFE AS THE CHALLENGE

DOES THE WORLD BECOME
CHANGEABLE JUST LATELY?

No. It's constantly changing,
it is the nature of the world

We need clear connection among
people who know it very well with
people who are about to discover it

DO CHANGES HAPPEN
SUDDENLY?

No. Deep processes pass gradually
behind the scenes. World history
proves it. We need to see the
whole picture as preparing
for all contingencies

SOLUTIONS ARE THE RESULT
OF A WORK OF INTELLECT,
AREN'T THEY?

No. Like a science outside
a morality. The person, people
and a society call for the integrity
from stakeholders and their
decisions

What is the 4D-consciousness interaction?

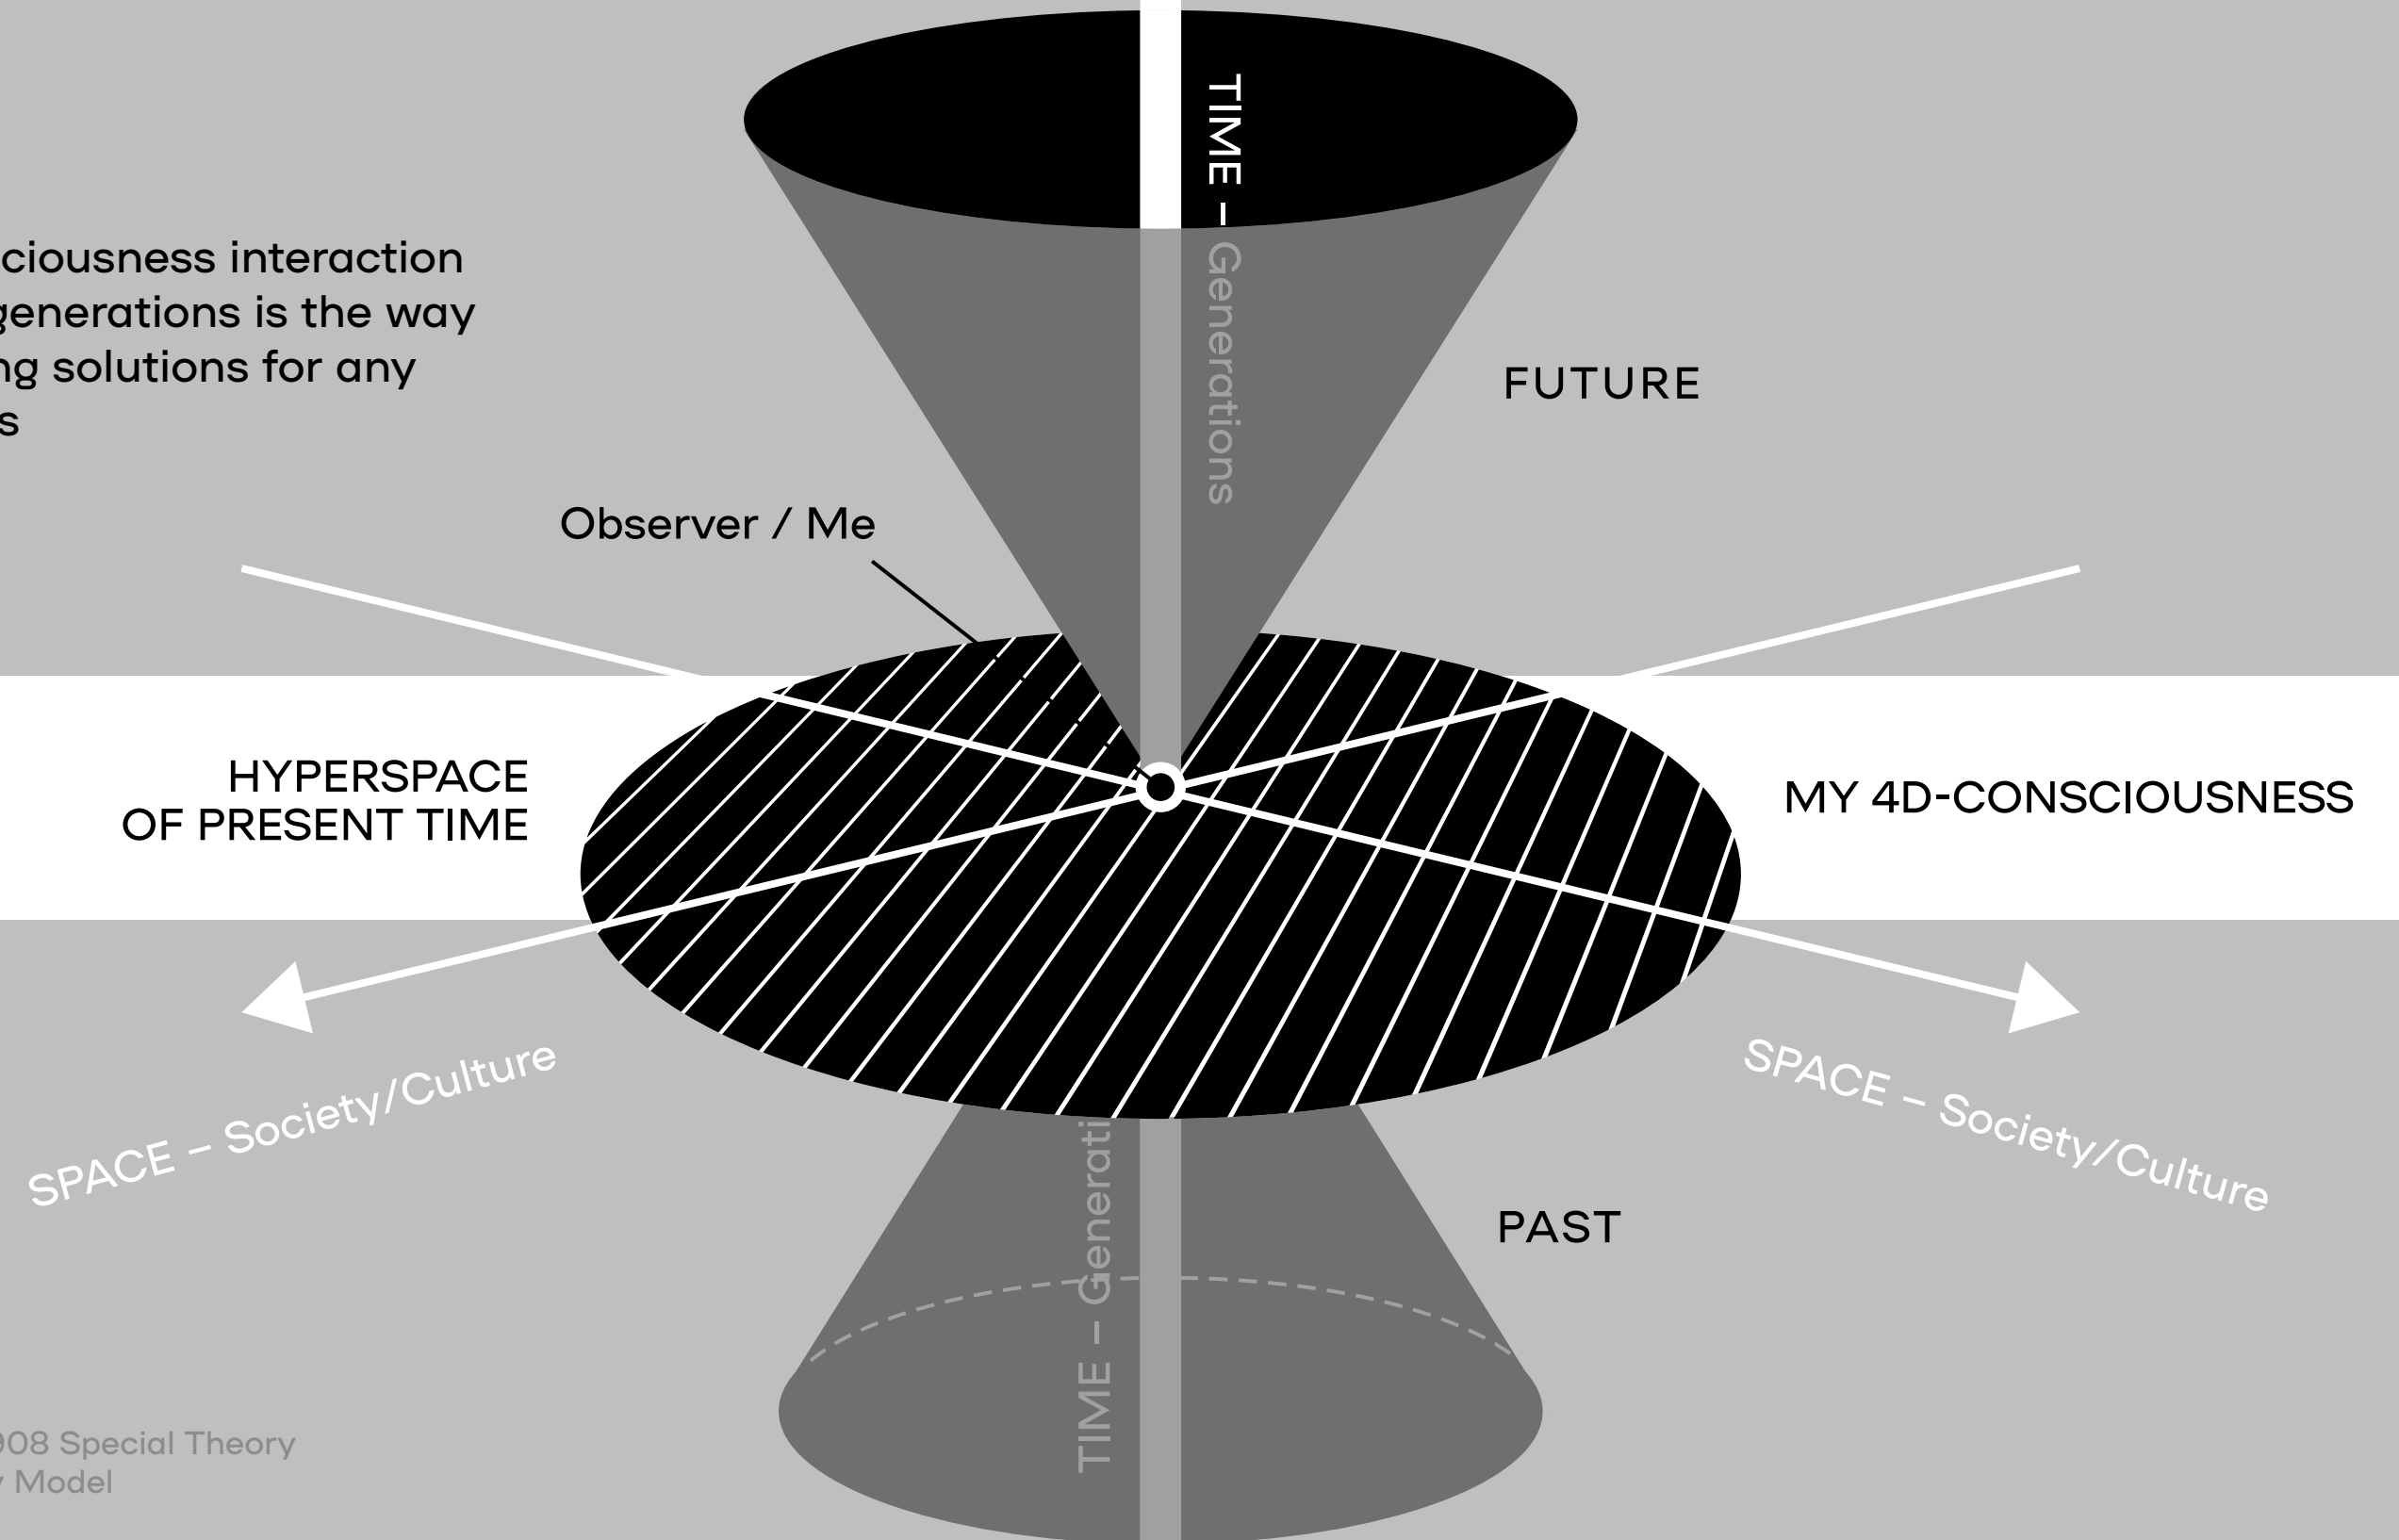

4D-consciousness interaction is a situation where people communicate with each other through consciousness of body, feelings, mind, and spirituality where which of them is of equal importance

Characteristics of the 4D-consciousness interaction:

- 1 NONLINEAR DYNAMICS
- 2 MULTICENTER PROCESS
- 3 BROAD ARRAY OF ISSUES FROM PERSONAL TO GLOBAL
